

CUTE AS A BUTTON

Class Description

It's time to dig into your scrap bin and select coordinating scraps for this little treasure. Any Holiday fabric would be perfect. If you are highly motivated, this little pattern can also grow into a beautiful bed quilt which is going to be featured in the Sept/October edition of *QuiltMania* magazine.

There are only two easy blocks in this quilt. You will just need to make a lot of them!

During the class I will teach timesaving techniques, and precision quilting.

Kits will be available for purchase to make the table topper.
